[*Editorial note:* Footnotes not included]

The General Assembly,

Bearing in mind the need to allay the legitimate concern of the States of the world with regard to ensuring lasting security for their peoples,

Convinced that nuclear weapons pose the greatest threat to mankind and to the survival of civilization,

Noting that the renewed interest in nuclear disarmament should be translated into concrete actions for the achievement of general and complete disarmament under effective international control,

Convinced that nuclear disarmament and the complete elimination of nuclear weapons are essential to remove the danger of nuclear war,

Determined to abide strictly by the relevant provisions of the Charter of the United Nations on the non-use of force or threat of force,

Recognizing that the independence, territorial integrity and sovereignty of non-nuclear-weapon States need to be safeguarded against the use or threat of use of force, including the use or threat of use of nuclear weapons,

Considering that, until nuclear disarmament is achieved on a universal basis, it is imperative for the international community to develop effective measures and arrangements to ensure the security of non-nuclear-weapon States against the use or threat of use of nuclear weapons from any quarter,

Recognizing that effective measures and arrangements to assure non-nuclear-weapon States against the use or threat of use of nuclear weapons can contribute positively to the prevention of the spread of nuclear weapons,

Bearing in mind paragraph 59 of the Final Document of the Tenth Special Session of the General Assembly, the first special session devoted to disarmament, in which it urged the nuclear-weapon States to pursue efforts to conclude, as appropriate, effective arrangements to assure non-nuclear-weapon States against the use or threat of use of nuclear weapons, and desirous of promoting the implementation of the relevant provisions of the Final Document,

Recalling the relevant parts of the special report of the Committee on Disarmament submitted to the General Assembly at its twelfth special session, the second special session devoted to disarmament, and of the special report of the Conference on Disarmament submitted to the Assembly at its fifteenth special session, the third special session devoted to disarmament, as well as the report of the Conference on its 1992 session,

Recalling also paragraph 12 of the Declaration of the 1980s as the Second Disarmament Decade, contained in the annex to its resolution 35/46 of 3 December 1980, which states, inter alia, that all efforts should be exerted by the Committee on Disarmament urgently to negotiate with a view to reaching agreement on effective international arrangements to assure non-nuclear-weapon States against the use or threat of use of nuclear weapons,

Noting the in-depth negotiations undertaken in the Conference on Disarmament and its Ad Hoc Committee on Effective International Arrangements to Assure Non-Nuclear-Weapon States against the Use or Threat of Use of Nuclear Weapons, with a view to reaching agreement on this question,

Taking note of the proposals submitted under the item in the Conference on Disarmament, including the drafts of an international convention,

Taking note also of the relevant decision of the Thirteenth Conference of Heads of State or Government of Non-Aligned Countries, held at Kuala Lumpur on 24 and 25 February 2003, which was reiterated at the Fourteenth and Fifteenth Conferences of Heads of State or Government of Non-Aligned Countries, held at Havana and Sharm el-Sheik, Egypt, on 15 and 16 September 2006, and 15 and 16 July 2009, respectively, as well as the relevant recommendations of the Organization of the Islamic Conference,

Taking note further of the unilateral declarations made by all the nuclear-weapon States on their policies of non-use or non-threat of use of nuclear weapons against the non-nuclear-weapon States,

Noting the support expressed in the Conference on Disarmament and in the General Assembly for the elaboration of an international convention to assure non-nuclear-weapon States against the use or threat of use of nuclear weapons, as well as the difficulties pointed out in evolving a common approach acceptable to all,

Taking note of Security Council resolution 984 (1995) of 11 April 1995 and the views expressed on it,

1. *Reaffirms* the urgent need to reach an early agreement on effective international arrangements to assure non-nuclear-weapon States against the use or threat of use of nuclear weapons;

2. *Notes with satisfaction* that in the Conference on Disarmament there is no objection, in principle, to the idea of an international convention to assure non-nuclear-weapon States against the use or threat of use of nuclear weapons, although the difficulties with regard to evolving a common approach acceptable to all have also been pointed out;

3. *Appeals* to all States, especially the nuclear-weapon States, to work actively towards an early agreement on a common approach and, in particular, on a common formula that could be included in an international instrument of a legally binding character;

4. *Recommends* that further intensive efforts be devoted to the search for such a common approach or common formula and that the various alternative approaches, including, in particular, those considered in the Conference on Disarmament, be explored further in order to overcome the difficulties;

5. *Also recommends* that the Conference on Disarmament actively continue intensive negotiations with a view to reaching early agreement and concluding effective international agreements to assure the non-nuclear-weapon States against the use or threat of use of nuclear weapons, taking into account the widespread support for the conclusion of an international convention and giving consideration to any other proposals designed to secure the same objective;

6. *Decides* to include in the provisional agenda of its sixty-fifth session the item entitled "Conclusion of effective international arrangements to assure non-nuclear-weapon States against the use or threat of use of nuclear weapons".

Prevention of an arms race in outer space

[Resolution A/RES/64/28, adopted by the General Assembly at its 64th Session, December 2009]

[*Editorial note:* Footnotes not included]

The General Assembly,

Recognizing the common interest of all mankind in the exploration and use of outer space for peaceful purposes,

Reaffirming the will of all States that the exploration and use of outer space, including the Moon and other celestial bodies, shall be for peaceful purposes and shall be carried out for the benefit and in the interest of all countries, irrespective of their degree of economic or scientific development,

Reaffirming also the provisions of articles III and IV of the Treaty on Principles Governing the Activities of States in the Exploration and Use of Outer Space, including the Moon and Other Celestial Bodies,

Recalling the obligation of all States to observe the provisions of the Charter of the United Nations regarding the use or threat of use of force in their international relations, including in their space activities,

Reaffirming paragraph 80 of the Final Document of the Tenth Special Session of the General Assembly, in which it is stated that in order to prevent an arms race in outer space, further measures should be taken and appropriate international negotiations held in accordance with the spirit of the Treaty,

Recalling its previous resolutions on this issue, and taking note of the proposals submitted to the General Assembly at its tenth special session and at its regular sessions, and of the recommendations made to the competent organs of the United Nations and to the Conference on Disarmament,

Recognizing that prevention of an arms race in outer space would avert a grave danger for international peace and security,

Emphasizing the paramount importance of strict compliance with existing arms limitation and disarmament agreements relevant to outer space, including bilateral agreements, and with the existing legal regime concerning the use of outer space,

Considering that wide participation in the legal regime applicable to outer space could contribute to enhancing its effectiveness,

Noting that the Ad Hoc Committee on the Prevention of an Arms Race in Outer Space, taking into account its previous efforts since its establishment in 1985 and seeking to enhance its functioning in qualitative terms, continued the examination and identification of various issues, existing agreements and existing proposals, as well as future initiatives relevant to the prevention of an arms race in outer space, and that this contributed to a better understanding of a number of problems and to a clearer perception of the various positions,

Noting also that there were no objections in principle in the Conference on Disarmament to the re-establishment of the Ad Hoc Committee, subject to re-examination of the mandate contained in the decision of the Conference on Disarmament of 13 February 1992,

Emphasizing the mutually complementary nature of bilateral and multilateral efforts for the prevention of an arms race in outer space, and hoping that concrete results will emerge from those efforts as soon as possible,

Convinced that further measures should be examined in the search for effective and verifiable bilateral and multilateral agreements in order to prevent an arms race in outer space, including the weaponization of outer space,

Stressing that the growing use of outer space increases the need for greater transparency and better information on the part of the international community,

Recalling, in this context, its previous resolutions, in particular resolutions 45/55 B of 4 December 1990, 47/51 of 9 December 1992 and 48/74 A of 16 December 1993, in which, inter alia, it reaffirmed the importance of confidencebuilding measures as a means conducive to ensuring the attainment of the objective of the prevention of an arms race in outer space,

Conscious of the benefits of confidence- and security-building measures in the military field,

Recognizing that negotiations for the conclusion of an international agreement or agreements to prevent an arms race in outer space remain a priority task of the Conference on Disarmament and that the concrete proposals on confidence-building measures could form an integral part of such agreements,

Noting with satisfaction the constructive, structured and focused debate on the prevention of an arms race in outer space at the Conference on Disarmament in 2009,

Taking note of the introduction by China and the Russian Federation at the Conference on Disarmament of the draft treaty on the prevention of the placement of weapons in outer space and of the threat or use of force against outer space objects,

Taking note also of the decision of the Conference on Disarmament to establish for its 2009 session a working group to discuss, substantially, without limitation, all issues related to the prevention of an arms race in outer space,

1. *Reaffirms* the importance and urgency of preventing an arms race in outer space and the readiness of all States to contribute to that common objective, in conformity with the provisions of the Treaty on Principles Governing the Activities of States in the Exploration and Use of Outer Space, including the Moon and Other Celestial Bodies;

2. *Reaffirms its recognition*, as stated in the report of the Ad Hoc Committee on the Prevention of an Arms Race in Outer Space, that the legal regime applicable to outer space does not in and of itself guarantee the prevention of an arms race in outer space, that the regime plays a significant role in the prevention of an arms race in that environment, that there is a need to consolidate and reinforce that regime and enhance its effectiveness and that it is important to comply strictly with existing agreements, both bilateral and multilateral;

3. *Emphasizes* the necessity of further measures with appropriate and effective provisions for verification to prevent an arms race in outer space;

4. *Calls upon* all States, in particular those with major space capabilities, to contribute actively to the objective of the peaceful use of outer space and of the prevention of an arms race in outer space and to refrain from actions contrary to that objective and to the relevant existing treaties in the interest of maintaining international peace and security and promoting international cooperation;

5. *Reiterates* that the Conference on Disarmament, as the sole multilateral disarmament negotiating forum, has the primary role in the negotiation of a multilateral agreement or agreements, as appropriate, on the prevention of an arms race in outer space in all its aspects;

6. *Invites* the Conference on Disarmament to establish a working group under its agenda item entitled "Prevention of an arms race in outer space" as early as possible during its 2010 session;

7. *Recognizes*, in this respect, the growing convergence of views on the elaboration of measures designed to strengthen transparency, confidence and security in the peaceful uses of outer space;

8. *Urges* States conducting activities in outer space, as well as States interested in conducting such activities, to keep the Conference on Disarmament informed of the progress of bilateral and multilateral negotiations on the matter, if any, so as to facilitate its work;

9. *Decides* to include in the provisional agenda of its sixty-fifth session the item entitled "Prevention of an arms race in outer space".

Recalling its resolutions 48/75 L of 16 December 1993, 53/77 I of 4 December 1998, 55/33 Y of 20 November 2000, 56/24 J of 29 November 2001, 57/80 of 22 November 2002, 58/57 of 8 December 2003 and 59/81 of 3 December 2004 on the subject of banning the production of fissile material for nuclear weapons or other nuclear explosive devices, and noting in this regard the support for the Conference on Disarmament expressed by the Security Council summit on nuclear disarmament and nuclear non-proliferation, held on 24 September 2009,

Convinced that a non-discriminatory, multilateral and internationally and effectively verifiable treaty banning the production of fissile material for nuclear weapons or other nuclear explosive devices would be a significant contribution to nuclear disarmament and non-proliferation,

Welcoming, after years of stalemate, the consensus adoption by the Conference on Disarmament of its decision (CD/1864) of 29 May 2009 on the establishment of a programme of work for its 2009 session, by which the Conference, inter alia, and without prejudice to any past, present or future position, established a Working Group to negotiate a treaty banning the production of fissile material for nuclear weapons or other nuclear explosive devices on the basis of document CD/1299 of 24 March 1995 and the mandate contained therein,

1. *Urges* the Conference on Disarmament to agree early in 2010 on a programme of work that includes the immediate commencement of negotiations on a treaty banning the production of fissile material for nuclear weapons or other nuclear explosive devices;

2. *Decides* to include in the provisional agenda of its sixty-fifth session an item entitled "Treaty banning the production of fissile material for nuclear weapons or other nuclear explosive devices".

**Follow-up to nuclear disarmament obligations
agreed to at the 1995 and 2000 Review
Conferences of the Parties to the Treaty on the
Non-Proliferation of Nuclear Weapons**

[Resolution A/RES/64/31, adopted by the General
Assembly at its 64th Session, December 2009]

[Editorial note: Footnotes not included]

The General Assembly,

Recalling its various resolutions in the field of nuclear disarmament, including its most recent, resolutions 62/24 of 5 December 2007, and 63/46, 63/49 and 63/75 of 2 December 2008,

Bearing in mind its resolution 2373 (XXII) of 12 June 1968, the annex to which contains the Treaty on the Non-Proliferation of Nuclear Weapons,

Noting the provisions of article VIII, paragraph 3, of the Treaty regarding the convening of review conferences at five-year intervals,

Recalling its resolution 50/70 Q of 12 December 1995, in which the General Assembly noted that the States parties to the Treaty affirmed the need to continue to move with determination towards the full realization and effective implementation of the provisions of the Treaty, and accordingly adopted a set of principles and objectives,

Recalling also that, on 11 May 1995, the 1995 Review and Extension Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons adopted three decisions on strengthening the review process for the Treaty, principles and objectives for nuclear non-proliferation and disarmament, and extension of the Treaty,

Reaffirming the resolution on the Middle East adopted on 11 May 1995 by the 1995 Review and Extension Conference of the Parties to the Treaty, in which the Conference reaffirmed the importance of the early realization of universal adherence to the Treaty and placement of nuclear facilities under full-scope International Atomic Energy Agency safeguards,

Reaffirming also its resolution 55/33 D of 20 November 2000, in which the General Assembly welcomed the adoption by consensus on 19 May 2000 of the Final Document of the 2000 Review Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons, including, in particular, the documents entitled "Review of the operation of the Treaty, taking into account the decisions and the resolution adopted by the 1995 Review and Extension Conference" and "Improving the effectiveness of the strengthened review process for the Treaty",

Taking into consideration the unequivocal undertaking by the nuclear-weapon States, in the Final Document of the 2000 Review Conference of the Parties to the Treaty, to accomplish the total elimination of their nuclear arsenals leading to nuclear disarmament, to which all States parties to the Treaty are committed under article VI of the Treaty,

Gravely concerned over the failure of the 2005 Review Conference of the Parties to the Treaty to reach any substantive agreement on the follow-up to the nuclear disarmament obligations,

Noting with satisfaction that the Preparatory Committee for the 2010 Review Conference of the Parties to the Treaty finalized the procedural arrangements for the Review Conference,

1. *Determines* to pursue practical steps for systematic and progressive efforts to implement article VI of the Treaty on the Non-Proliferation of Nuclear Weapons and paragraphs 3 and 4 (c) of the decision on principles and objectives for nuclear non-proliferation and disarmament of the 1995 Review and Extension Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons;

2. *Calls for* practical steps, as agreed to at the 2000 Review Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons, to be taken by all nuclear-weapon States, which would lead to nuclear disarmament in a way that promotes international stability and, based on the principle of undiminished

security for all:

(a) Further efforts to be made by the nuclear-weapon States to reduce their nuclear arsenals unilaterally;

(b) Increased transparency by the nuclear-weapon States with regard to nuclear weapons capabilities and the implementation of agreements pursuant to article VI of the Treaty and as a voluntary confidence-building measure to support further progress in nuclear disarmament;

(c) The further reduction of non-strategic nuclear weapons, based on unilateral initiatives and as an integral part of the nuclear arms reduction and disarmament process;

(d) Concrete agreed measures to reduce further the operational status of nuclear weapons systems;

(e) A diminishing role for nuclear weapons in security policies so as to

minimize the risk that these weapons will ever be used and to facilitate the process of their total elimination;

(f) The engagement, as soon as appropriate, of all the nuclear-weapon States

in the process leading to the total elimination of their nuclear weapons;

Promotion of multilateralism in the area of disarmament and non-proliferation

[Resolution A/RES/64/34, adopted by the General Assembly at its 64th Session, December 2009]

[*Editorial note:* Footnote not included]

The General Assembly,

Determined to foster strict respect for the purposes and principles

enshrined in the Charter of the United Nations,

Recalling its resolution 56/24 T of 29 November 2001 on multilateral cooperation in the area of disarmament and non-proliferation and global efforts against terrorism and other relevant resolutions, as well as its resolutions 57/63 of 22 November 2002, 58/44 of 8 December 2003, 59/69 of 3 December 2004, 60/59 of 8 December 2005, 61/62 of 6 December 2006, 62/27 of 5 December 2007 and 63/50 of 2 December 2008 on the promotion of multilateralism in the area of disarmament and non-proliferation,

Recalling also the purpose of the United Nations to maintain international peace and security and, to that end, to take effective collective measures for the prevention and removal of threats to the peace and for the suppression of acts of aggression or other breaches of the peace, and to bring about by peaceful means, and in conformity with the principles of justice and international law, adjustment or settlement of international disputes or situations which might lead to a breach of the peace, as enshrined in the Charter,

Recalling further the United Nations Millennium Declaration, which states, inter alia, that the responsibility for managing worldwide economic and social development, as well as threats to international peace and security, must be shared among the nations of the world and should be exercised multilaterally and that, as the most universal and most representative organization in the world, the United Nations must play the central role,

Convinced that, in the globalization era and with the information revolution, arms regulation, non-proliferation and disarmament problems are more than ever the concern of all countries in the world, which are affected in one way or another by these problems and, therefore, should have the possibility to participate in the negotiations that arise to tackle them,

Bearing in mind the existence of a broad structure of disarmament and arms regulation agreements resulting from non-discriminatory and transparent multilateral negotiations with the participation of a large number of countries, regardless of their size and power,

Aware of the need to advance further in the field of arms regulation, non-proliferation and disarmament on the basis of universal, multilateral, non-discriminatory and transparent negotiations with the goal of reaching general and complete disarmament under strict international control,

Recognizing the complementarity of bilateral, plurilateral and multilateral negotiations on disarmament,

Recognizing also that the proliferation and development of weapons of mass destruction, including nuclear weapons, are among the most immediate threats to international peace and security which need to be dealt with, with the highest priority,

Considering that the multilateral disarmament agreements provide the mechanism for States parties to consult one another and to cooperate in solving any problems which may arise in relation to the objective of, or in the application of, the provisions of the agreements and that such consultations and cooperation may also be undertaken through appropriate international procedures within the framework of the United Nations and in accordance with the Charter,

Stressing that international cooperation, the peaceful settlement of disputes, dialogue and confidence-building measures would contribute essentially to the creation of multilateral and bilateral friendly relations among peoples and nations,

Being concerned at the continuous erosion of multilateralism in the field of arms regulation, non-proliferation and disarmament, and recognizing that a resort to unilateral actions by Member States in resolving their security concerns would jeopardize international peace and security and undermine confidence in the international security system as well as the foundations of the United Nations itself,

Noting that the Fifteenth Summit Conference of Heads of State and Government of the Movement of Non-Aligned Countries, held in Sharm el-Sheikh, Egypt, from 11 to 16 July 2009, welcomed the adoption of resolution 63/50 on the promotion of multilateralism in the area of disarmament and non-proliferation, and underlined the fact that multilateralism and multilaterally agreed solutions, in accordance with the Charter, provide the only sustainable method

of addressing disarmament and international security issues,

Reaffirming the absolute validity of multilateral diplomacy in the field of disarmament and non-proliferation, and determined to promote multilateralism as an essential way to develop arms regulation and disarmament negotiations,

1. *Reaffirms* multilateralism as the core principle in negotiations in the area of disarmament and non-proliferation with a view to maintaining and strengthening universal norms and enlarging their scope;

2. *Also reaffirms* multilateralism as the core principle in resolving disarmament and non-proliferation concerns;

3. *Urges* the participation of all interested States in multilateral negotiations on arms regulation, non-proliferation and disarmament in a non-discriminatory and transparent manner;

4. *Underlines* the importance of preserving the existing agreements on arms regulation and disarmament, which constitute an expression of the results of international cooperation and multilateral negotiations in response to the challenges facing mankind;

5. *Calls once again upon* all Member States to renew and fulfil their individual and collective commitments to multilateral cooperation as an important means of pursuing and achieving their common objectives in the area of disarmament and non-proliferation;

6. *Requests* the States parties to the relevant instruments on weapons of mass destruction to consult and cooperate among themselves in resolving their concerns with regard to cases of non-compliance as well as on implementation, in accordance with the procedures defined in those instruments, and to refrain from resorting or threatening to resort to unilateral actions or directing unverified non-compliance accusations against one another to resolve their concerns;

7. *Takes note* of the report of the Secretary-General containing the replies of Member States on the promotion of multilateralism in the area of disarmament and non-proliferation, submitted pursuant to resolution 63/50;

8. *Requests* the Secretary-General to seek the views of Member States on the issue of the promotion of multilateralism in the area of disarmament and non-proliferation and to submit a report thereon to the General Assembly at its sixty-fifth session;

9. *Decides* to include in the provisional agenda of its sixty-fifth session the item entitled "Promotion of multilateralism in the area of disarmament and non-proliferation".

[Resolution A/RES/64/37, adopted by the General Assembly at its 64th Session, December 2009]

[*Editorial note:* Footnotes not included]

The General Assembly,

Bearing in mind that the use of nuclear weapons poses the most serious threat to mankind and to the survival of civilization,

Reaffirming that any use or threat of use of nuclear weapons would constitute a violation of the Charter of the United Nations,

Convinced that the proliferation of nuclear weapons in all its aspects would seriously enhance the danger of nuclear war,

Convinced also that nuclear disarmament and the complete elimination of nuclear weapons are essential to remove the danger of nuclear war,

Considering that, until nuclear weapons cease to exist, it is imperative on the part of the nuclear-weapon States to adopt measures that assure non-nuclear-weapon States against the use or threat of use of nuclear weapons,

Considering also that the hair-trigger alert of nuclear weapons carries unacceptable risks of unintentional or accidental use of nuclear weapons, which would have catastrophic consequences for all mankind,

Emphasizing the need to adopt measures to avoid accidental, unauthorized or unexplained incidents arising from computer anomaly or other technical malfunctions,

Conscious that limited steps relating to de-alerting and de-targeting have been taken by the nuclear-weapon States and that further practical, realistic and mutually reinforcing steps are necessary to contribute to the improvement in the international climate for negotiations leading to the elimination of nuclear weapons,

Mindful that a diminishing role for nuclear weapons in the security policies of nuclear-weapon States would positively impact on international peace and security and improve the conditions for the further reduction and the elimination of nuclear weapons,

Reiterating the highest priority accorded to nuclear disarmament in the Final Document of the Tenth Special Session of the General Assembly and by the international community,

Recalling the advisory opinion of the International Court of Justice on the *Legality of the Threat or Use of Nuclear Weapons* that there exists an obligation for all States to pursue in good faith and bring to a conclusion negotiations leading to nuclear disarmament in all its aspects under strict and effective international control,

Recalling also the call in the United Nations Millennium Declaration to seek to eliminate the dangers posed by weapons of mass destruction and the resolve to strive for the elimination of weapons of mass destruction, particularly nuclear weapons, including the possibility of convening an international conference to identify ways of eliminating nuclear dangers,

1. *Calls for* a review of nuclear doctrines and, in this context, immediate and urgent steps to reduce the risks of unintentional and accidental use of nuclear weapons, including through the de-alerting and de-targeting of nuclear weapons;

2. *Requests* the five nuclear-weapon States to take measures towards the implementation of paragraph 1 above;

3. *Calls upon* Member States to take the necessary measures to prevent the proliferation of nuclear weapons in all its aspects and to promote nuclear disarmament, with the objective of eliminating nuclear weapons;

5. *Requests* the Secretary-General to intensify efforts and support initiatives that would contribute towards the full implementation of the seven recommendations identified in the report of the Advisory Board on Disarmament Matters that would significantly reduce the risk of nuclear war, and also to continue to encourage Member States to consider the convening of an international conference, as proposed in the United Nations Millennium Declaration, to identify ways of eliminating nuclear dangers, and to report thereon to the General Assembly at its sixty-fifth session;

6. *Decides* to include in the provisional agenda of its sixty-fifth session the item entitled "Reducing nuclear danger".

the treaties establishing nuclear-weapon-free zones, nuclear-weapon States undertake legally binding commitments to respect the status of such zones and not to use or threaten to use nuclear weapons against States parties to such treaties,

Recalling the applicable principles and rules of international law relating to the freedom of the high seas and the rights of innocent passage, archipelagic sea lanes passage or transit passage of ships and aircraft, particularly those of the United Nations Convention on the Law of the Sea,

1. *Welcomes* the commitment and efforts of the Commission for the Treaty on the South-East Asia Nuclear-Weapon-Free Zone to further enhance and strengthen the implementation of the Bangkok Treaty by implementing the Plan of Action for the period 2007–2012, adopted in Manila on 29 July 2007, and the recent decision of the Association of Southeast Asian Nations Political-Security Community Council, established under the Charter of the Association, to give priority to the implementation of the Plan of Action;

[*Editorial note:* Footnote not included]

The General Assembly,

Recognizing that disarmament, arms control and non-proliferation are essential for the maintenance of international peace and security,

Recalling that effective national control of the transfer of arms, military equipment and dual-use goods and technology, including those transfers that could contribute to proliferation activities, is an important tool for achieving those objectives,

Recalling also that the States parties to the international disarmament and non-proliferation treaties have undertaken to facilitate the fullest possible exchange of materials, equipment and technological information for peaceful purposes, in accordance with the provisions of those treaties,

Welcoming the entry into force, on 21 March 2009, of the Treaty on a Nuclear-Weapon-Free Zone in Central Asia and the entry into force, on 15 July 2009, of the Treaty of Pelindaba, which establishes a nuclear-weapon-free zone in Africa, and expressing the hope that these important steps will be followed by concerted international efforts to create nuclear-weapon-free zones in other areas in the world, especially in the Middle East,

Recalling the decisions entitled “Strengthening the review process for the Treaty”, “Principles and objectives for nuclear non-proliferation and disarmament” and “Extension of the Treaty on the Non-Proliferation of Nuclear Weapons” and the resolution on the Middle East, all of which were adopted at the 1995 Review and Extension Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons and the Final Document of the 2000 Review Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons,

Recalling also the unequivocal undertaking by the nuclear-weapon States to accomplish the total elimination of their nuclear arsenals, leading to nuclear disarmament, in accordance with commitments made under article VI of the Treaty on the Non-Proliferation of Nuclear Weapons,

Welcoming the progress towards a follow-up agreement to the Strategic Arms Reduction Treaty, as reflected in recent statements made by the Presidents of the Russian Federation and of the United States of America,

Welcoming also the outcome of the third session of the Preparatory Committee for the 2010 Review Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons, at which the Committee adopted the provisional agenda and decisions relating to the organization of the work of the Review Conference,

Welcoming further the recent positive developments in the Conference on

Disarmament, which led to the adoption of a programme of work on 29 May 2009,

1. *Continues to emphasize* the central role of the Treaty on the Non-Proliferation of Nuclear Weapons and its universality in achieving nuclear

disarmament and nuclear non-proliferation, and calls upon all States parties to respect their obligations;

2. *Calls upon* all States to comply fully with all commitments made regarding nuclear disarmament and nuclear non-proliferation and

not to act in any way that may compromise either cause or that may lead to a new nuclear arms race;

3. *Reaffirms* that the outcome of the 2000 Review Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons sets out the agreed process for systematic and progressive efforts towards nuclear disarmament, and in this regard renews its call upon the nuclear-weapon States to accelerate the implementation of the practical steps towards nuclear disarmament that were agreed upon at the 2000 Review Conference, thereby contributing to a safer world for all;

4. *Reiterates its call* upon all States parties to spare no effort to achieve the universality of the Treaty on the Non-Proliferation of Nuclear Weapons, and in this regard urges India, Israel and Pakistan to accede to the Treaty as non-nuclear-weapon States promptly and without conditions;

5. *Urges* the Democratic People’s Republic of Korea to rescind its announced withdrawal from the Treaty on the Non-Proliferation of Nuclear Weapons, to re-establish cooperation with the International Atomic Energy Agency and to rejoin the Six-Party Talks, with a view to achieving the denuclearization of the Korean Peninsula in a peaceful manner;

6. *Calls upon* all Parties to the Treaty on the Non-Proliferation of Nuclear Weapons to spare no effort to ensure a successful and constructive outcome of the 2010 Review Conference;

7. *Stresses* that the outcome of the 2010 Review Conference should build upon the positive results reached at the 1995 and 2000 Conferences, contribute significantly to the concrete implementation of the outcomes of both Conferences, advance the objective of a nuclear-weapon-free world, strengthen the Treaty on the Non-Proliferation of Nuclear Weapons in all its aspects and contribute to achieving its full implementation and universality;

8. *Calls upon* all States parties to the Treaty on the Non-Proliferation of Nuclear Weapons to work towards the full implementation of the resolution on the Middle East adopted at the 1995 Review Conference;

9. *Calls upon* the States members of the Conference on Disarmament to pursue continued positive developments in that forum, in order to maintain the momentum that led to the adoption of a programme of work on 29 May 2009, and spare no efforts to ensure an early start to the substantive work of the Conference at the beginning of its 2010 session;

10. *Decides* to include in the provisional agenda of its sixty-fifth session the item entitled “Towards a nuclear-weapon-free world: accelerating the implementation of nuclear disarmament commitments” and to review the implementation of the present resolution at that session.

Convention on the Prohibition of the Use of Nuclear Weapons

[Resolution A/RES/64/59, adopted by the General Assembly at its 64th Session, December 2009]

[Editorial note: Footnotes not included]

The General Assembly,

Convinced that the use of nuclear weapons poses the most serious threat to the survival of mankind,

Bearing in mind the advisory opinion of the International Court of Justice of 8 July 1996 on the *Legality of the Threat or Use of Nuclear Weapons*,

Convinced that a multilateral, universal and binding agreement prohibiting the use or threat of use of nuclear weapons would contribute to the elimination of the nuclear threat and to the climate for negotiations leading to the ultimate elimination of nuclear weapons, thereby strengthening international peace and security,

Conscious that some steps taken by the Russian Federation and the United States of America towards a reduction of their nuclear weapons and the improvement in the international climate can contribute towards the goal of the complete elimination of nuclear weapons,

Recalling that paragraph 58 of the Final Document of the Tenth

Special Session of the General Assembly states that all States should actively participate in efforts to bring about conditions in international relations among States in which a code of peaceful conduct of nations in international affairs could be agreed upon and that would preclude the use or threat of use of nuclear weapons,

Reaffirming that any use of nuclear weapons would be a violation of the Charter of the United Nations and a crime against humanity, as declared in its resolutions 1653 (XVI) of 24 November 1961, 33/71 B of 14 December 1978, 34/83 G of 11 December 1979, 35/152 D of 12 December 1980 and 36/92 I of 9 December 1981,

Determined to achieve an international convention prohibiting the development, production, stockpiling and use of nuclear weapons, leading to their ultimate destruction,

Stressing that an international convention on the prohibition of the use of nuclear weapons would be an important step in a phased programme towards the complete elimination of nuclear weapons, with a specified framework of time,

Noting with regret that the Conference on Disarmament, during its 2009 session, was unable to undertake negotiations on this subject as called for in General Assembly resolution 63/75 of 2 December 2008,

1. *Reiterates its request* to the Conference on Disarmament to commence negotiations in order to reach agreement on an international convention prohibiting the use or threat of use of nuclear weapons under any circumstances;
2. *Requests* the Conference on Disarmament to report to the General Assembly on the results of those negotiations.

Appreciating the continued cooperation among the States members of the Conference on Disarmament as well as the six

successive Presidents of the Conference at its 2009 session,

Recognizing the importance of continuing consultations on the question of the expansion of the membership of the Conference on Disarmament,

Taking note of significant contributions made during the 2009 session to promote substantive discussions on issues on the agenda, as well as of discussions held on other issues that could also be relevant to the current international security environment,

Welcoming the enhanced engagement between civil society and the Conference on Disarmament at its 2009 session according to decisions taken by the Conference,

5. *Requests* all States members of the Conference on Disarmament to cooperate with the current President and successive Presidents in their efforts to guide the Conference to the early commencement of substantive work, including negotiations, in its 2010 session;
6. *Requests* the Secretary-General to continue to ensure and strengthen, if needed, the provision to the Conference on Disarmament of all necessary administrative, substantive and conference support services;
7. *Requests* the Conference on Disarmament to submit a report on its work to the General Assembly at its sixty-fifth session;
8. *Decides* to include in the provisional agenda of its sixty-fifth session the item entitled "Report of the Conference on Disarmament".

The risk of nuclear proliferation in the Middle East

[Resolution A/RES/64/66, adopted by the General Assembly at its 64th Session, December 2009]

[Editorial note: Footnotes not included]

The General Assembly,

Bearing in mind its relevant resolutions,

Taking note of the relevant resolutions adopted by the General Conference of the International Atomic Energy Agency, the latest of which are resolutions GC(53)/RES/16, adopted on 17 September 2009 and GC(53)/RES/17, adopted on 18 September 2009,

Cognizant that the proliferation of nuclear weapons in the region of the Middle East would pose a serious threat to international peace and security,

Mindful of the immediate need for placing all nuclear facilities in the region of the Middle East under full-scope safeguards of the Agency,

Recalling the decision on principles and objectives for nuclear non-proliferation and disarmament adopted by the 1995 Review and Extension Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons on 11 May 1995, in which the Conference urged universal adherence to the Treaty as an urgent priority and called upon all States not yet parties to the Treaty to accede to it at the earliest date, particularly those States that operate unsafeguarded nuclear facilities,

Recognizing with satisfaction that, in the Final Document of the 2000 Review Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons, the Conference undertook to make determined efforts towards the achievement of the goal of universality of the Treaty, called upon those remaining States not parties to the Treaty to accede to it, thereby accepting an international legally binding commitment not to acquire nuclear weapons or nuclear explosive devices and to accept Agency safeguards on all their nuclear activities, and underlined the necessity of universal adherence to the Treaty and of strict compliance by all parties with their obligations under the Treaty,

Recalling the resolution on the Middle East adopted by the 1995 Review and Extension Conference on 11 May 1995, in which the Conference noted with concern the continued existence in the Middle East of unsafeguarded nuclear facilities, reaffirmed the importance of the early realization of universal adherence to the Treaty and called upon all States in the Middle East that had not yet done so, without exception, to accede to the Treaty as soon as possible and to place all their nuclear facilities under full-scope Agency safeguards,

Noting that Israel remains the only State in the Middle East that has not yet become party to the Treaty,

Concerned about the threats posed by the proliferation of nuclear weapons to the security and stability of the Middle East region,

Stressing the importance of taking confidence-building measures, in particular the establishment of a nuclear-weapon-free zone in the Middle East, in order to enhance peace and security in the region and to consolidate the global non-proliferation regime,

Emphasizing the need for all parties directly concerned to seriously consider taking the practical and urgent steps required for the implementation of the proposal to establish a nuclear-weapon-free zone in the region of the Middle East in accordance with the relevant resolutions of the General Assembly and, as a means of promoting this objective, inviting the countries concerned to adhere to the Treaty and, pending the establishment of the zone, to agree to place all their nuclear activities under Agency safeguards,

Noting that one hundred and eighty-one States have signed the Comprehensive Nuclear-Test-Ban Treaty, including a number of States in the region,

1. *Welcomes* the conclusions on the Middle East of the 2000 Review Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons;

2. *Reaffirms* the importance of Israel's accession to the Treaty on the Non-Proliferation of Nuclear Weapons and placement of all its nuclear facilities under comprehensive International Atomic Energy Agency safeguards, in realizing the goal of universal adherence to the Treaty in the Middle East;

3. *Calls upon* that State to accede to the Treaty without further delay and not to develop, produce, test or otherwise acquire nuclear weapons, and to renounce possession of nuclear weapons, and to place all its unsafeguarded nuclear facilities under full-scope Agency safeguards as an important confidence-building measure among all States of the region and as a step towards enhancing peace and security;

4. *Requests* the Secretary-General to report to the General Assembly at its sixty-fifth session on the implementation of the present resolution;

5. *Decides* to include in the provisional agenda of its sixty-fifth session the item entitled “The risk of nuclear proliferation in the Middle East”.

Comprehensive Nuclear-Test-Ban Treaty

[Resolution A/RES/64/69, adopted by the General Assembly at its 64th Session, December 2009]

[*Editorial note:* Footnotes not included]

The General Assembly,

Reiterating that the cessation of nuclear-weapon test explosions or any other nuclear explosions constitutes an effective nuclear disarmament and non-proliferation measure, and convinced that this is a meaningful step in the realization of a systematic process to achieve nuclear disarmament,

Recalling that the Comprehensive Nuclear-Test-Ban Treaty, adopted by its resolution 50/245 of 10 September 1996, was opened for signature on 24 September 1996,

Stressing that a universal and effectively verifiable Treaty constitutes a fundamental instrument in the field of nuclear disarmament and non-proliferation and that, after more than twelve years, its entry into force is more urgent than ever before,

Encouraged by the signing of the Treaty by one hundred and eighty-two States, including forty-one of the forty-four needed for its entry into force, and welcoming the ratification of one hundred and fifty States, including thirty-five of the forty-four needed for its entry into force, among which there are three nuclear-weapon States,

Recalling its resolution 63/87 of 2 December 2008,

Welcoming the Joint Ministerial Statement on the Comprehensive Nuclear-Test-Ban Treaty, adopted at the Ministerial Meeting held in New York on 24 September 2008,

Welcoming also the Final Declaration of the Sixth Conference on Facilitating the Entry into Force of the Comprehensive Nuclear-Test-Ban Treaty, held in New York on 24 and 25 September 2009, pursuant to article XIV of the Treaty, and noting the improved prospects for ratification in several Annex 2 countries,

2. *Welcomes* the contributions by the States signatories to the work of the Preparatory Commission for the Comprehensive Nuclear-

Test-Ban Treaty Organization, in particular its efforts to ensure that the Treaty's verification regime will be capable of meeting the verification requirements of the Treaty upon its entry into force, in accordance with article IV of the Treaty;

3. *Underlines* the need to maintain momentum towards completion of all elements of the verification regime;

4. *Urges* all States not to carry out nuclear-weapon test explosions or any other nuclear explosions, to maintain their moratoriums in this regard and to refrain from acts that would defeat the object and purpose of the Treaty, while stressing that these measures do not have the same permanent and legally binding effect as the entry into force of the Treaty;

5. *Recalls* Security Council resolutions 1718 (2006) of 14 October 2006 and 1874 (2009) of 12 June 2009, calls for their early implementation, and calls for early resumption of the Six-Party Talks;

6. *Urges* all States that have not yet signed the Treaty to sign and ratify it as soon as possible;

7. *Urges* all States that have signed but not yet ratified the Treaty, in particular those whose ratification is needed for its entry into force, to accelerate their ratification processes with a view to ensuring their earliest successful conclusion;

8. *Welcomes*, since the last session of the General Assembly, the ratification of the Treaty by Lebanon, Liberia, Malawi, Mozambique and Saint Vincent and the Grenadines, as well as the signature by Trinidad and Tobago, as significant steps towards the early entry into force of the Treaty;

9. *Urges* all States to remain seized of the issue at the highest political level and, where in a position to do so, to promote adherence to the Treaty through bilateral and joint outreach, seminars and other means;

10. *Requests* the Secretary-General, in consultation with the Preparatory Commission for the Comprehensive Nuclear-Test-Ban Treaty Organization, to prepare a report on the efforts of States that have ratified the Treaty towards its universalization and possibilities for providing assistance on ratification procedures to States that so request it, and to submit such a report to the General Assembly at its sixty-fifth session;

11. *Decides* to include in the provisional agenda of its sixty-fifth session the item entitled “Comprehensive Nuclear-Test-Ban Treaty”.
