

International Nuclear Safeguards Policy

One-Week Tuition-Free Intensive Course in Monterey and Paid Summer Internships at Lawrence Livermore National Lab

Middlebury Institute of International Studies at Monterey (MIIS) and Lawrence Livermore National Laboratory (LLNL), in support of the U.S. Department of Energy (DOE) National Nuclear Security Administration's (NNSA), are pleased to announce the **2022 International Nuclear Safeguards Policy and Information Analysis Course**, a one-week, tuition-free, intensive course in Monterey (or online due to Covid-19 restrictions), and up to six paid summer internships at LLNL.

The course is tuition free and open to all nationalities. Some stipends may be available to **nonlocal** applicants to partially cover transportation and housing.

Course applicants who are U.S. citizens may also apply for a ten-week paid internship at LLNL. The internships pay \$6,000 total, which is paid in two installments of \$3,000. A selection panel will interview qualified applicants for internships. **Successful completion of the course is a prerequisite for the internships.**

James Martin Center for
Nonproliferation Studies

Course topics include:

- The role of the IAEA and international safeguards in the nuclear nonproliferation regime
- Concepts, objectives, evolution and history of international nuclear safeguards
- State-level safeguards analysis
- Case-study analyses of safeguards challenges
- Introduction to safeguards inspection, material accounting, containment, and surveillance
- Open-source information collection and analysis
- Effectiveness and limitations of safeguards
- Future development of safeguards

Dates to Remember:

Application Deadline:
Friday, March 11, 2022

Course Duration:
June 6-10, 2022

Ten-week Internships scheduled during the period:
June 13-August 19, 2022

Finalized selections for course/internships:
Early April 2022

Eligibility:

Applicants for LLNL internships must be U.S. citizens. Applicants must be either currently enrolled graduate students or young professionals interested in nonproliferation/safeguards.

We are interested in applicants who demonstrate that a deeper understanding of international safeguards policy will aid their professional pursuits.

Applications:

Applicants must complete the DOE online portal application at <https://nonproportal.energy.gov/event/international-nuclear-safeguards-policy-course-monterey-and-summer-nuclear-safeguards>

and must also submit to gmoore@middlebury.edu

- academic transcript(s)
- recommendation letter
- a 500-word statement of purpose
- a current resume
- stipend request (optional)
